Summer 2011

Summer is here as we can all tell, just look at an outside thermometer. Due to technical difficulties and very poor time management this correspondence is going out much later than it should have, but then on the other hand just be glad you are getting it now (lol). Anyways, there should be all the tryout scores attached if you are getting this via electronic mail but for those of you who only get the snail mail version I may need to get it to you by alternative methods. Or you could get a computer and log into the virtual world everyone is addicted to.

The spring rendezvous and the cup matches were both successful except for the rain and heat intervening. You either learned to swim or sweat depending on which one you were at.

In the last year or so we have lost several members and found out about others that had passed several years ago. I have also been hearing way too many stories of members with very serious health problems. We need to keep up the great support for our fellow members and friends. One way of getting back in touch with some of our old time members has been suggested by the infamous Ralf "Itchy" Marcum. He has proposed an old timer rendezvous at his place. The idea is to get as many "old timers" (Even/especially those that have not been around in years) to get together for a memorable gathering to make new and rehash old tales of events past. I have received the following message from Wallingford concerning this:

Ralph Marcum gave me the following date for the Old Timer's Rendezvous. Sept 23 & 24, 2011. He told me that we can invite all Corps members and any type of camping equipment was fine with him. He said that some could sleep in his Saloons, etc. just bring a sleeping bag. His sleeping facilities are limited so if someone plans to use his place call him in advance and make a reservation. His phone number is 606-287-3855

Mailing address is:

Captain Ralph Marcum  
299 Hooten Road  
McKee, KY 40447

All that are interested in this should contact either Ralf or Charlie Wallingford

Also Randy Wolf will be forging butt plates and t/guards at Boonesborough on Saturday morning Oct 1st. He would like for as many Corps members to come and observe as possible
